

Sustainable Way

THANK YOU
FOR CHOOSING
PLANTOYS® PRODUCT !

Expertise in Child + Sustainable
Development Design

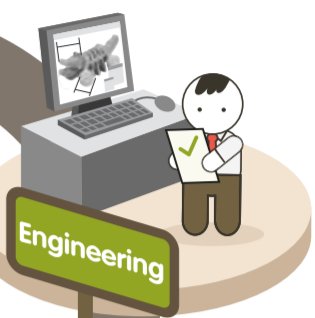

Local and Responsible Wood Production

Trees that no longer produce latex are taken to the factory.

Eco-Friendly Workplace

Diversity and Equal Opportunity Workforce

Tree trunks are used to make our toys.

Water-Based Dyes

Surplus sawdust and branches from the trees are used for PlanWood toys.

Biomass Gasification Power Plant

Surplus wood pieces from our production are also used in our Biomass generator to produce electricity for the whole factory and villages around the PlanToys® factory.

Renewable Materials

Non-Formaldehyde
Organic Color

Non-Formaldehyde Glue

NEW!

Quality Assurance Laboratory

Safety

Packaging

Eco-Friendly Packaging

All PlanToys® products exceed international safety standards including both ASTM (USA) and EN71 (Europe).

Paper Plastic

Garbage/Waste Management

Better Kids for a Better World!
